“It Ain’t Over”

Note: We were unable to get our newsletter out last week due to major scheduling issues, that unfortunately are continuing into this week. Hopefully we will be back to normal next week, in time for our Feb. 4 Rally!

Important Changes

“There is nothing permanent except change.”

Heraclitus

“I can't change the direction of the wind, but I can adjust my sails to always reach my destination.”

Jimmy Dean

Hi everyone. As announced at our last rally, we are making a few changes. To begin, we are going to have rallies on the first Saturday of every month, as opposed to each Saturday. Time and location remain the same: **Stuart Park at 12:00 p.m.**

Our first rally was January 7, 2023, with special speakers Steve Merrill from Sun City Silver & Gold, and Lindsay Gabelhouse, Journalist and Consultant, both from Kelowna!

The next rally will be February 4, 2023. Speakers:

Dominic from Prince George with updates from the North!!!

Donald Lee, Author What the Hell is Going On?

<https://www.cominghomespirit.com/>

We are also going to begin shortly with CLEAR meetings indoors to

permit us to work more effectively on freedom related issues. More info to come in this regard.

We will continue to do special rallies and marches when necessary or beneficial to do so, as well as other public activities in support of freedom. **This includes the huge Saturday, January 28, 2023 Truckers Tribute Convoy.**

Our objective is simply to be more effective in opposing Gov't tyranny. Our rallies have inspired so many people and have set fire under the gov'ts for almost three years. The ongoing attempts to shut us down, which continue to fail, demonstrate an ongoing fear by all Governments of the public attention we are raising on these issues. Remember too, they do not know the extent of our efforts and this frightens them even more. I cannot begin to tell you the number of people who have thanked us for our rallies and continued opposition to these corrupt gov'ts, and the inspiration we have provided to so many people, not only in Kelowna but throughout BC and Canada. Everyone coming to our rallies and participating in our activities, has contributed to this success.

Now we need to be more effective and begin more direct work against these tyrants in power.

Our objective remains freedom – we now will approach that objective from several directions. We are definitely going to require more volunteers and ideas. We hope you will continue to support us as we move forward this year.

We remain available at clear2012@pm.me for your questions and suggestions.

In freedom

David and the CLEAR Team

NOTICE: The Geoengineering and Chem Trail event on Thursday, January 26, 2028, has been postponed due to unforeseen circumstances, likely until sometime in later February now.

CALLING ALL FREEDOM FIGHTERS!

GEO Engineering free

CANADA

We would like to introduce ourselves as **Geoengineering Free Canada**, and much like you we are all about fighting for our freedoms and for what's right and just. With everything going on in the world today, and the government tyranny and overreach, we find that that we have to push back from many different angles in order to keep our rights and freedoms.

Part of those rights and freedoms include having the right to live a long and natural life, without fear of forced medical experiments or having our food, water, and air supplies being poisoned. This is why we have started up a nation wide coalition called '**Geoengineering Free Canada**', and we would like you to join us.

We all see the sky above us being heavily sprayed with poisons every day, otherwise known as chemtrails. This is unacceptable. These poisons are killing us and our children, and shortening our life spans. They cause health issues in our bodies such as asthma, bronchitis, dementia, alzheimers and much more.

Along with that, we also know that they are using these chemtrails to modify our weather, black out our skies, dim the sun, and weaponize it against us, also known as 'geoengineering'. The sun provides us with the nutrients we need in our bodies such as Vitamin C and D and keeps us from dropping into a mass state of depression. The sun is our friend and has many healing qualities.

The corrupt government calls this "climate change" or "global warming". This is unnatural and all by design. We know that this is all part of the depopulation agenda and we have let it go on for far way too long. We are now fighting back against these injustices. We invite you to research HAARP.

We here at the GFC team are sick and tired of the government trying to poison and control every aspect of our lives, all in the name of "for your health and safety"!!! This is why we have put together a team dedicated to combating these poisonous chemtrails and trying to put a stop to them.

If you would like to learn more about chemtrails, or get more involved, then we invite you to join our telegram group at <https://t.me/+VzYn4J8zE3s2YjRh> or our Facebook group at https://www.facebook.com/groups/1780830142282917/?ref=share_group_link and get onto our website and sign up for our newsletter at <https://www.geoengineeringfreecanada.com/>

PARENTS!

THIS COULD BECOME YOUR WORSE NIGHTMARE!!

STOP THE TRANSGENDER AGENDA!!

“Desmond is hot!”

Desmond Napoles shot to stardom as a Social media sensation at the age of 8. At age 11 he started working in gay bars.

He strips and dances on a pole and seduces pedophiles while patrons toss money at him.

Drag Queen story hour ...

Promotes the sexualization of children and exposes them to transgender ideology.

A common attribute of Drag Queens is that they have been found to possess a criminal back ground for child pornography and pedophilia.

NOTE

Bill C-4 makes it a criminal offence for a parent or guardian to advise a child NOT to undergo the process of gender transition.

This includes chemical castration, sterilization, the use of hormonal drugs, and the mutilation of genitalia.

Authority to make these decisions for your child is now in the hands of your Canadian government, schools and court rooms.

**Sunday Paper
Deliveries**

**Next delivery
day: Jan. 29/23
(Weather Permitting)**

Add your name to the delivery list and make sure to check your email on Sunday mornings for confirmation that our paper delivery will take place that day

Pick the time that works for you:

Make sure you arrive before the designated time so we can all get going ASAP!

Every Sunday at 11:30 am

OR

1:45 pm

- Sign-up on the Newspaper Delivery list so that you get an email confirming the deliveries for each Sunday. With winter in mind, we will only do this if roads are bare and it's not snowing. The advantage of delivering this time of year is that nobody is hanging out in their front yards except the odd snowman.
- We meet at the Capri parking lot between A&W and De Dutch Pannekoek House
 - Bring a large bag for carrying the papers if you want

- Grab a free small Kelowna mapbook that can help you get situated. Your cell phone will be tracking and tracing you. Learn how to read maps again
- You will be provided with a printed google map of the area you will be delivering to. Bring a yellow marker to indicate which streets you completed. You may run out of papers or you may end up with extra
- We ask that with every paper you deliver, you remove the inserts and place them in the mailbox in front or behind the paper. That way, someone who may hastily throw out the paper will still be forced to see each individual flyer
- Please deliver only one paper per mailbox, regardless if you have different papers (we usually have a combination of different papers and editions). Some houses may have up to 4 mailboxes; put one paper in each as they are for different tenants

Sign up as a Volunteer to participate in one of the many focus groups we will be organizing at our inaugural January meeting.

Time to roll up your sleeves, take off the gloves and get your hands dirty!

Look for the sign-up sheet at the CLEAR booth on Saturday, Jan. 7th or contact Linda at delindalou@pm.me

3 Simple Things Freedom Activists can do to WIN this War:

- 1. Spread the Word by delivering papers and flyers everywhere:
Knowledge is power!**

- 2. Replace your cell phone with a flip phone:**

Think of your apps as TRAPS!

3. Use CASH:

Hand out the “Use cash cards” and “pay cash” business posters

Notices of Liability for Accountability

In last fall’s survey, most rally attendees indicated that they check out what’s available at the CLEAR booth although some don’t. Seven people indicated they were not aware of the Notices of Liability (NOL) or didn’t know how to use one. The reason David decided to have a booth at the rallies was not to irritate Bylaw (who should be respecting our lawful, constitutional right to protest), but to provide a sheltered location that offers educational resources for Freedom Activists. And many of those resources resulted from the hard labour of Action4Canada. Hundreds of copies of these NOL’s were printed and available for free for your convenience. There is an NOL for almost every imaginable situation and as a Freedom Activist, these are tools you can use to educate fellow citizens.

During lockdowns, most individuals were/are following government mandates out of fear/ignorance. When you give them an NOL, you are helping to educate them about the *Plandemic* reality with factual information about our Canadian laws that are being violated by their actions. They are presented with a choice to either stand up to government bullying tactics and not discriminate against others, or to cower from intimidation and eventually suffer the consequences.

Twenty-four people indicated they had success with the NOL’s while eight said they didn’t. For those eight who didn’t have positive results, give yourself a pat on the back anyway because you made the effort. It was not in vain because the people you served have now been educated and are consciously breaking the law at the expense of their own humanity. There are MANY things you can do if your NOL seems to fall on deaf ears:

- You can follow up by laying charges
- You can serve (or mail) another NOL to their boss
- You can serve (or mail) one to the head of the company
- You can serve (or mail) it to their Union Rep
- You can boycott their business and share their discriminatory behaviour with all your contacts
- You can post bad reviews online about this place
- You can organize a protest in front of their business
- You can pull your child out of the school or activity that is controlled by this individual

You get the idea. Be creative. Whatever you do, never back down. Demanding accountability means acting “*like a dog with a bone.*” In my battles, I am constantly hitting brick walls. The government bureaucracy is comprised of all kinds of redundant agencies where nobody answers the phone, voice mail messages are forwarded to a government “*black hole,*” government procedures and timelines are not followed, inquiries are bounced around from department to department with no one knowing the answer, etc... The state of all government-run services is absolutely deplorable. It has been deteriorating to this point over decades, accelerated by the *Plandemic*. Your job as an activist is to expose this mess and the corruption behind it. The more light we shine on these establishments that waste taxpayer money and do not provide the services they claim, the faster they will crumble to the ground.

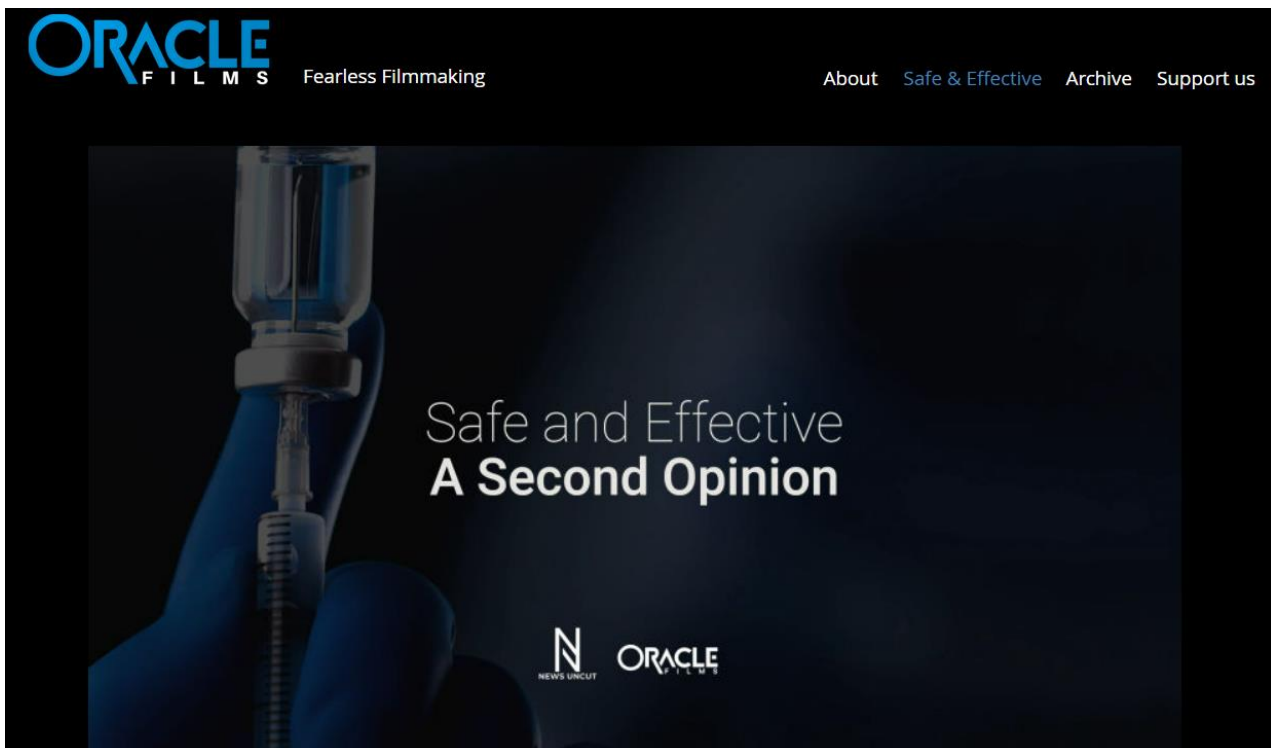

We still have many printed copies of the notices at the CLEAR booth. If we don't have the one you want, many others are available here: <https://action4canada.com/covid-liability-notices/> as well as a video explaining how to serve them. Come visit the booth at the next rally on February 4th and pick up an NOL. Nobody likes confrontations. But in this war, no confrontation = acquiescence = slavery. Think about that.

REMINDER

New Credit Card Fees & Lack of Privacy

The dangers of digital gov't ID and currencies are here... you need to use cash.

Withdraw money on Sunday from the bank machine, and then leave your money at home if you are scared to carry it

with you, and just carry the amounts of cash for each day's purchases for the week.

NO MORE CARDS!!!! NO EXCUSES!

USE CASH \$\$\$\$\$\$\$\$\$

Contact Unity Health & Sciences Team to volunteer to distribute their professional brochures and Medical Doctor Packages throughout your home area, and to your medical doctor!

Not every doctor, analyst, and specialist is on the gov't side and many have strong science and personal experiences opposing the gov't narrative.

New signs???

Even though COVID-19 restrictions are, for the most part, no longer in effect, other freedom issues have arisen as gov'ts use the cover of COVID-19 to introduce other more formidable liberty restrictions, including privacy violations.

Freedom is a multi-generational struggle – our legacy is to leave a better place for our children, not simply to quit after an issue appears to be over and anger diminishes; and of course, it rarely is truly over.

We urge you to provide designs (clear2012@pm.me) and/or your own signs for upcoming threats, including Digital ID

Digital currency and no cash

Climate change fraud

Further health, property, rights and freedoms restrictions
