Thank you to Bruce for this incredible update. FOI shows inside Privy Council document that Trudeau and Gov't knew vaccines would kill and harm people – this is amazing.

FEATURED

SLOBODIAN: They knew vaccines would hurt some people and tried to fool us

By Linda Slobodian Jun 6, 2023

So, the federal government deliberately — and secretly — devised “winning communications strategies” to downplay injuries and deaths caused by the experimental COVID vaccine. Thus a secret [Privy Council Office memo](#), released after an access to information request.

Some might call the plot to play on words simple 'spin.'

Others could reasonably view it as playing a reckless game of Russian roulette with the health and lives of Canadians who the government decided should all get vaccinated.

Whether vaccinated or unvaccinated, Canadians would be justified in being furious about having the complete facts essentially hidden from them via carefully crafted word games.

It is an egregious affront to our basic rights.

The government relentlessly forged ahead on a mission to convince Canadians to get the jab despite knowing some reactions to COVID-19 vaccines were “minor to severe,” according to the May 2021 PCO memo obtained by *Blacklock's Reporter* through Access to Information.

The Privy Council reports directly to Prime Minister Justin Trudeau. Bureaucrats and politicians, in their ‘superior’ wisdom arrogantly decided skewing facts was justified for the greater good.

They fretted that news about COVID-19 vaccine injuries and deaths had to be managed to avoid people being deterred from getting vaccinated.

“Adverse effects following immunization news reports and the government’s response to them have the potential to shake public confidence in the COVID-19 vaccination rollout,” said the memo *Testing Behaviourally-Informed Messaging in Response to Severe Adverse Events Following Immunization*.

“There is a delicate balance between ensuring the safety of the vaccine and promoting public awareness while also ensuring public confidence in the safety of the vaccine,” said the memo.

“Government messaging following an adverse event will be important to address this balance,” reads the memo.

The memo was sent five months after the Canada okayed the first Pfizer-BioNTech pandemic vaccine.

“Events related to a COVID-19 vaccine may be minor or severe,” said the memo.

It offered instructions on how to slant statistics to minimize negative impacts.

It advised saying the “chance of it happening to me is one in a million” instead of “it has happened five times.” Or the “chance of a Canadian being injured in a car accident” is higher than vaccine risks. Or “as tragic as they are, such health events occur every day whether or not people are vaccinated.”

Government messaging, or outright government deception?

“News reports of adverse events following immunization and the government’s response to them have strong potential to influence public confidence in vaccines and their safety,” said the memo.

“The current study proactively tested the impact of various messaging strategies delivered through different messengers in response to a hypothetical adverse effect following immunization.”

“Its intent was to help prepare the government for response to potential adverse events following immunization, to identify winning communication strategies to maximize public confidence in the government’s COVID regulatory regime (and) maximize public confidence in the safety of the COVID vaccine and further drive vaccination intentions.”

Prepare the government for response? Why not keep it simple and just prepare the government to tell the truth?

Did any of those officials who pushed this message strategy feel a prick of conscience when Canadians who had doubts were punished because they opted not to take the jab?

Did it bother them when Freedom Convoy 2022 truckers were demonized, when pastors were arrested, when enormous fines were levied on struggling Canadians, when people from all walks of lives were pushed out of their jobs? Did they speak out?

Did those officials, knowing about the spin, take the jab? How did they feel about taking those booster shots, because, you know it’s OK, “health events occur every day.”

How many Canadians, either because they trusted the government’s messages, or were driven by fear, got vaccinated and suffered horrific adverse reactions?

We’ll never know exactly, just as we’ll never know how many the COVID-19 vaccine helped.

But the ad blitz to get vaccinated was relentless.

In June 2020, Trudeau's government budgeted \$88 million just to get the message out.

The Privy Council's budget was increased 40%. Of the \$54 million increase, \$48 million was designated for marketing and communications.

At the time Privy Council spokesman Stéphane Shank said the whopping budget hike was all part of the effort to provide information to keep Canadians safe and healthy.

Critics wondered why the money wasn't allocated elsewhere, like Health Canada or the Public Health Agency.

Because winning communications strategies, likely with even bigger budgets, had to be conjured up after the fact — and as injuries piled up.

According to *Blacklock's Reporter*, the government has already paid out millions of dollars in vaccine injury and death related claims.

The Public Health Agency reported that 97.6 million doses were administered.

And 20,428 cases of "serious adverse events" were reported including heart attacks, kidney damage, spontaneous abortions, strokes, facial paralysis, blood clots, heart inflammation, and deaths.

A \$75 million Vaccine Injury Support Program received 1,299 claims for compensation. So far 50 claims have been paid worth a total of \$2,779,227.

OK, so the government set up compensation funds.

That atones for nothing. Absolutely nothing!

People died. People will live the rest of their lives with chronic illness from the vaccines.

Babies were never born.

Maybe Canadians would have gotten the vaccine even if they were told about the "minor to severe" injuries it caused.

That's not the point.

Canadians were willfully deprived of the right to make their own decisions based on the whole truth because some bureaucrats and politicians figured that wasn't important.

The memo was in part entitled 'winning strategies.'

Who won?

And how much was sacrificed for that victory just to maintain control?

The Kelowna Courts of Injustice

Update

R v David Lindsay s. 266 Criminal Code Assault

Two days have been set for **Dec. 13, 14** for final arguments. However, the Court just contacted me and Judge Heinrich now wants to have a hearing with me and the Crown to see if I will agree to do my arguments in writing. I am not going to do this of course and give up my day in court. I am required to go through my video evidence in my final submissions and cannot do this in writing.

I am now back in court for a few minutes only on **June 16, at 9:30 a.m. in courtroom 9 at the Kelowna courthouse.**

Update -- Petition to ban Kelowna Protest/Rallies

I am now continuing to work on completing our reply to this Petition and have about another week or so remaining to complete it. This is a complicated response as many issues of law are involved, that require hundreds of hours of research and analysis before we file any documents. All documents and pleadings are now placed on our website for public viewing: <https://clearbc.org/city-of-kelowna/> Details of our position cannot be released just yet, however it will be interesting to expose their corruption as we move along. **Once our responding materials are filed, we will post them on line as well.**

Unfortunately, this case will have significant repercussions for every protest rally in British Columbia, and indeed, in Canada, as it is being heard in a superior court in the province. This will be an incredibly complex case.

Donations would be very much appreciated. E-transfers can be done to: clear2012@pm.me or cash donations can be mailed to: PO Box 21113 Cherry Lane Mall, Penticton BC V2A 8K8

Please stay tuned for more updates.

Our next protest/rally is set for:

July 1, 2023 12:00 Stuart Park, Kelowna

Ted Kuntz from Vaccine Choice Canada will provide more updates and inspiration.

The past two rallies were difficult to get the time in for David to speak so we have left time for David to speak on the importance of the Coronation Oath to Canada – on Canada Day!

Q and A will be available for anyone with questions on this issue as well.

Fundraising and Donations

In the absence of rallies every Saturday, we don't get the funding we used to that allowed us to print all the resources we provide at the CLEAR booth, as well as the inserts that go into the Druthers newspapers for our Sunday paper deliveries. Thanks to your past donations, we have delivered over **8000** copies of Druthers, plus various inserts, in Kelowna and W. Kelowna, with lots more to go!

Legal costs are also starting to mount and will only get worse as we begin to fight the Petition to ban our rallies.

Future protests are being strategically planned right now for City Hall, the courthouse, and other locations.

Many people believe that the COVID-19 issue is over – and it is not. Freedom is a multi-generational struggle, where we hope to leave a better place for our children. Other serious issues are lurking ominously in the near future that we will need to focus on: 15 min cities; legal actions; digital ID and digital currencies to start. These will require ongoing research and production of signs and materials for public education. The digital ID and currency issues are two of the most critical and going to involve significant amounts of education for people.

Please help with your donation by E-transfer to: clear2012@pm.me. You can also mail cash (this remains safe) by Expresspost to: P.O. Box 21113 Cherry Lane Mall, Penticton, BC, V2A 8K8. Cash of course, would be the preferred method to protect everyone's privacy.

These are unfortunately the only methods available right now to accept donations outside of the monthly rallies. Everything we do is on a volunteer basis and if you are not able to volunteer, your cash donation is what keeps the freedom wheel turning.

We do need volunteers to join our **Fundraising Focus Group**. If you are good at event planning and have some time to devote to organize regular fundraising occasions, please come see Linda at the CLEAR booth this Saturday or contact CLEAR.Linda@proton.me.

We need volunteers who are:

Proactive
Can work independently
Able to collaborate with others
Responsible and Dependable
Trustworthy
Enthusiastic
Result-Oriented
Committed
Motivated

If you possess these qualities and want to make a difference right now as a

Freedom Activist, please add your name to the Volunteer List at the CLEAR booth this Saturday or contact CLEAR.Linda@proton.me to get more information.

Freedom requires time, energy or money. Thank you all for your help, in any form you are able to assist with. Everything you do for the sake of freedom is a seed planted. And although you may not see where it lands, trust that it will grow and bear fruit! Otherwise, why have the City, Province and Feds continually tried to shut us down?!! We are effective with one of the lowest vaccination rates in BC and Canada – **thanks to YOU!**

**Sunday Paper
Deliveries**

**Next delivery
day:**

June 11, 2023

(Weather Permitting)

Add your name to the delivery list and make sure to check your email on Sunday mornings for confirmation that our paper delivery will take place that day

Make sure you arrive before the designated time so we can all get going ASAP!

Every Sunday at 11:30 am

- Sign-up on the Newspaper Delivery list so that you get an email confirming the deliveries for each Sunday. With winter in mind, we will only do this if roads are bare and it's not snowing. The advantage of delivering this time of year is that nobody is hanging out in their front yards except for the odd snowman.
- We meet at the Capri parking lot between A&W and De Dutch Pannekoek House
 - Bring a large bag for carrying the papers if you want
 - Grab a free small Kelowna mapbook that can help you get situated. Your cell phone will be tracking and tracing you. Learn how to read maps again
 - You will be provided with a printed google map of the area you will be delivering to. Bring a yellow marker to indicate which streets you completed. You may run out of papers or you may end up with extra
 - We ask that with every paper you deliver, you remove the inserts and place them in the mailbox in front or behind the paper. That way, someone who may hastily throw out the paper will still be forced to see each individual flyer
 - Please deliver only one paper per mailbox, regardless if you have different papers (we usually have a combination of different papers and editions). Some houses may have up to 4 mailboxes; put one paper in each as they are for different tenants

- Sign up as a Volunteer to participate in one of the many focus groups we are working to organize. Most people are too busy to commit to fighting for freedom. I guarantee you will have plenty of extra time after Canada becomes a full-fledged communist country and your jobs & businesses are gone. Time to add freedom-fighting to your list of priorities. Much of the help needed can be done at home and even one hour per week will be helpful. Even if you don't want to join a specific group, maybe you have something you can offer to help out.
Let us know!

2. Replace your cell phone with a flip phone:

3. Use CASH:

It is starting - Use cash as much as possible - use credit cards or digital only if there is no other alternative.

Companies will not use digital currency if we are not using digital currency! It will cost them too much in lost business.

The dangers of digital gov't ID and currencies are here... you need to use cash as much as possible. As recognized by Freedom Rising, there are many inherent dangers of using digital currency. What do you do, not if, but when:

The internet is down

There is a power outage

The card reader malfunctions

Your phone battery dies or doesn't work for other reasons

WE SUGGEST YOU CONSIDER THE FOLLOWING AS WELL:

Your phone is stolen

Your passwords are co-opted

Your credit/debit card strip is damaged – needs replacing

There are errors in relation to the quantum of \$\$ on your card

Gov't limits your purchases/CRA liens the balance on your card

AND MANY OTHER DANGERS

CLEAR has promoted the non-use of digital currencies and credit/debit cards as much as possible, for years.

Suggestion:

Withdraw money on Saturday/Sunday from the bank or bank machine, and then leave your money at home if you are scared to carry it with you, and just carry the amounts of cash for each day's purchases for the week.

I bet they're using the bank run as a way of getting us into cashlessness. They'll say there's not enough cash to withdraw from banks, but we can still move stuff around digitally, because that won't cause a bank run.

And voila, instant cashless society.
CBDCs will soon follow.

Make Business sized cards to hand out at all your cash purchases!

I paid cash today for a reason 😊

1. To PROTECT OUR PRIVACY
2. To SAVE this business money on transaction fees

New signs???

Even though COVID-19 restrictions are, for the most part, no longer in effect, other freedom issues have arisen as gov'ts use the cover of

COVID-19 to introduce other more formidable liberty restrictions,
including privacy violations.

Freedom is a multi-generational struggle – our legacy is to leave a better place for our children, not simply to quit after an issue appears to be over and anger diminishes; and of course, it rarely is truly over.

CLEARBITS:

***CLEARBITS* is on hold until our response to the Petition is filed. Thank you for your understanding.**

The rich industrialist was horrified to find the fisherman lying beside his boat, smoking a pipe.

'Why aren't you out fishing?' asked the industrialist.

'Because I have caught enough fish for the day.'

'Why don't you catch some more?'

'What would I do with them?'

'You could earn more money. Then you could have a motor fitted to your boat to go into deeper waters and catch more fish. Then you would have enough money to buy nylon nets. These would bring you more fish and more money. Soon you would have enough money to own two boats . . . maybe even a fleet of boats. Then you would be a rich man like me.'

'What would I do then?'

'Then you could sit back and enjoy life.'

'What do you think I'm doing right now?'
